

The LLL SIG Newsletter

The LLL Forum at JALT 2010

At this year's forum, Tadashi Ishida introduced PEACE (People's Educational and Cultural Exchange), the NGO he founded to develop bonds of friendships between Japanese and people from abroad through cultural exchange. After Mr. Ishida's interesting presentation, PEACE member Masako Hara encouraged members of the audience to participate in her demonstration of several cultural activities sponsored by the NGO. Forum highlights are shown through the series of pictures below. More information about PEACE can be found in this newsletter.
