

Coordinator's Message

Tadashi Ishida

I hope everyone will be off to a great start in 2015.

In the past few years, we have received few submissions from our members for participation in the Pan-SIG Conference, the JALT national conference's annual LLL-SIG forum, or our mini- Conferences.

These are great opportunities for you to share the wealth and let others bathe in the brilliance of your experience and knowledge.

We welcome you to be part of the programs that are vetted by our SIG's officers through an allocation of forum slots which our SIG is offered at the national and Pan-SIG conferences.

This year we would love to have more presentations coming from the "grassroots." "Don't be shy; give it a try!" is our motto.

Best Wishes to everyone in 2015, the year of the sheep.
